PARK ELM RESIDENCES AT CENTURY PLAZA

» Making the case for luxury living in Century City, Park Elm Residences soar above the city to pair lavish lifestyles with city views. The 44-story building houses 268 two-to-four-bedroom homes, including a penthouse collection. Additionally, while not specifically a hotel-branded residence, its residents can establish a house account with the neighboring Fairmont Century Plaza for access to discount rates on the hotel, restaurant, bar and spa. *211 Elm Court, Century City, parkelmcenturyplaza.com*
